

Business Mentoring, Make it Happen for You! ***Women helping women achieve business success.***

Is your business ready to grow, but you just aren't sure how to take it to the next level? If you are looking for a relationship with established entrepreneurs, women who can share their knowledge and serve as a sounding board for your challenges, then a mentoring relationship is perfect for you!

If you are a seasoned entrepreneur who wants to share your experience, knowledge and wisdom with those who are facing the same challenges you once faced—and overcame, then mentoring is for you, too.

Join us for this half day workshop to learn more about how business mentoring can help you succeed. This workshop will include:
